

Suspense System - Cable Kits

FLOOR-CEILING KIT provides the universal solution for display builders. Use either floor-ceiling application or as a shelving system inside cabinetry.

1.5mm Cable Kit

Kit includes 3.6 metres of 1.5mm diameter stainless steel cable. Available with 5 metres of cable.

3mm Cable Kit

The 3mm diameter cable provides additional stability to the cable installation making it ideal for longer lengths and heavier displays. Kit includes 4 metres of 3mm diameter stainless steel cable. Is suitable for use with low voltage lighting.

Suspense System - 1.5mm Cable

THRU-HOLE SHELF SUPPORT

#1811
 Requires 9mm dia. hole in shelf. Can be used with any thickness material.
 Size:
 20mm dia. x 15mm high.

CABLE FASTENER

#1812
 Attaches to cable M4 thread through centre.
 Size:
 20mm dia. x 13mm long.

THRU HOLE PANEL SUPPORT

#1814

Requires 14mm dia. hole through panel.
 Max. Panel thickness - 10mm.
 Cable to back of panel 30mm.

SIDE MOUNT PANEL SUPPORT

#1815

Attaches to sides or top/bottom of panel.
 Max. Panel thickness - 10mm.
 Cable to back of panel 12mm.

SINGLE FITTING

Swivel fitting allows for mounting of flat or sloping shelves or vertical display panels. Size - 20mm dia. x 30mm long.

#1813
 To suit panel thickness of 3mm.
#1817
 To suit panel thickness of 7mm.
#1819
 To suit panel thickness of 10mm.

DOUBLE FITTING

Swivel fitting supports shelves etc., on either side of a central cable. Size - 20mm dia. x 40mm long.

#1823
 To suit panel thickness of 3mm.
#1827
 To suit panel thickness of 7mm.
#1829
 To suit panel thickness of 10mm.

Suspense System - Picture Hanging

The Aluminium track is fixed to the wall at the desired height or onto the ceiling. The swivel fitting simply slides in the end of the track at the desired location. Set the AUTO hook fitting at the required height with the touch of a button and your art-work is now ready to hang.

The system allows for infinite adjustment with no tools required. Additional hook fittings are available to hang more than one picture in a vertical drop.

Suspense System - Steel Rod

Based on a similar concept to the proven performance of the cable kits, the rod display system offers certain advantages due to its additional rigidity. The chrome plated steel rod comes in 1 meter lengths that can be simply joined together and trimmed to make up the exact length required.
