

peggie™  
oo

Say hello to Peggie.

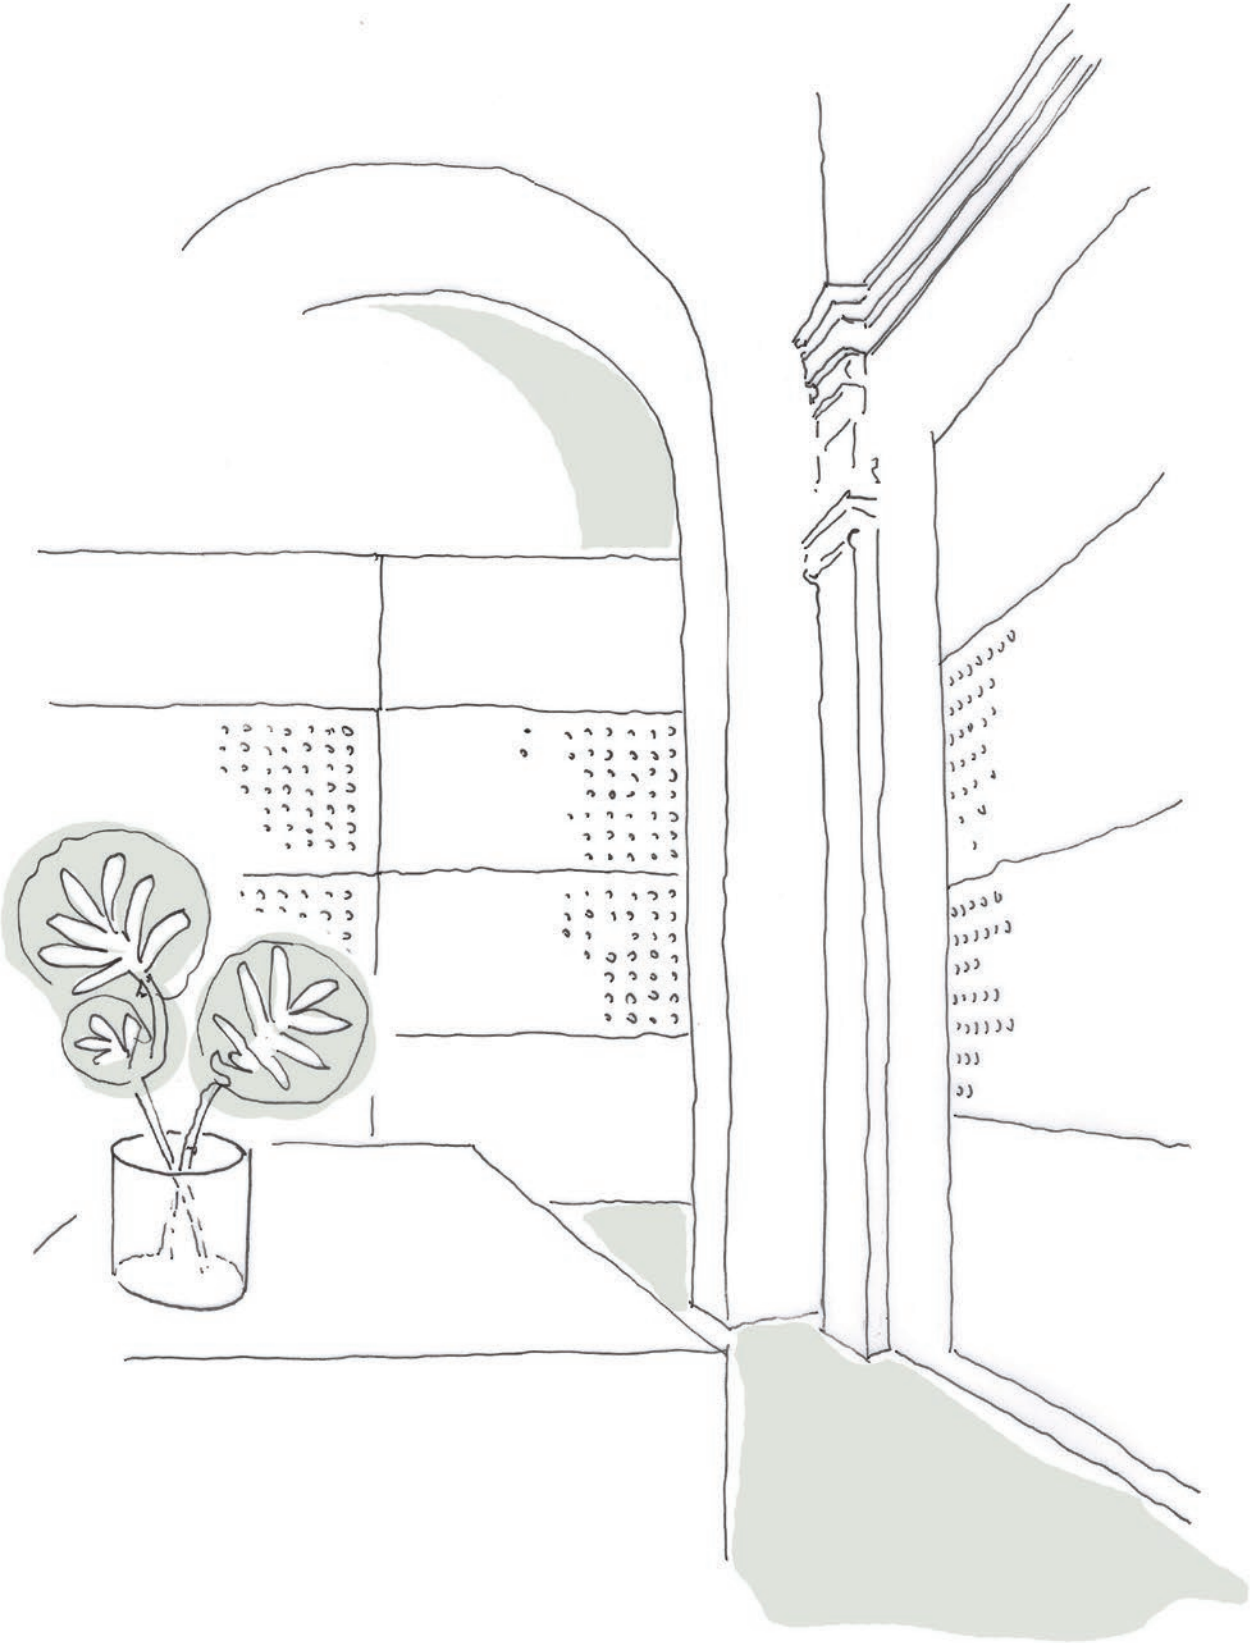

At first glance, she is a simple and earnest system. Pegs. Panels. Shelves. But there's more to Peggie than just her looks.

Once you get to know her, you'll find she is engaging and dependable.

An all-rounder...

Contents

4	A bit about Peggie
14	She has you covered
16	Panels
18	Plain panels
20	Wall mounts
22	Pegs
24	Brass pegs
26	Shelves
30	Accessories
38	Mix with MAXe
40	Make it happen

Some days she likes to blend in and be anonymous. Sometimes animated. *Always clever.*

She dresses for the occasion and knows that a quick change of her accessories will make the look:

Pop-up product launch? *Check.*

Making a statement at the office? *Check.*

Cold-press with her mates? *Check.*

You can count on Peggie to securely lock into place. Change of plans? *Quickly release with a coin.*

*Simply insert any coin into the groove on the underside of the peg to release the lock.*

She is made of the good stuff with honest geometry and a material palette to match. Solid wood. Baked-on lacquer. A touch of brass.

Peggie's perforated grid system and dependable kit of parts create a framework for your ideas.

In stock and there when you need her.

#### The Panel

Using the *Wall mounts*, modular panels can be easily hung onto any type of wall in various configurations. The nifty design of the holes themselves keeps the pegs on a level plane. Their pattern creates a base template onto which the system is assembled.

#### The Peg

Crafted with a tapered end, the pegs wedge securely into the panel and are kept in place by the safety lock. The notch carved into the front end locates accessories like shelves, hangrails, mirrors, and graphic options that bring your walls to life.

#### The Shelf

A study in simplicity and strength, the shelf tabs securely over the peg and nests into the notch in the front to ensure it stays put. Updatable graphic holders can be positioned anywhere along the top groove.

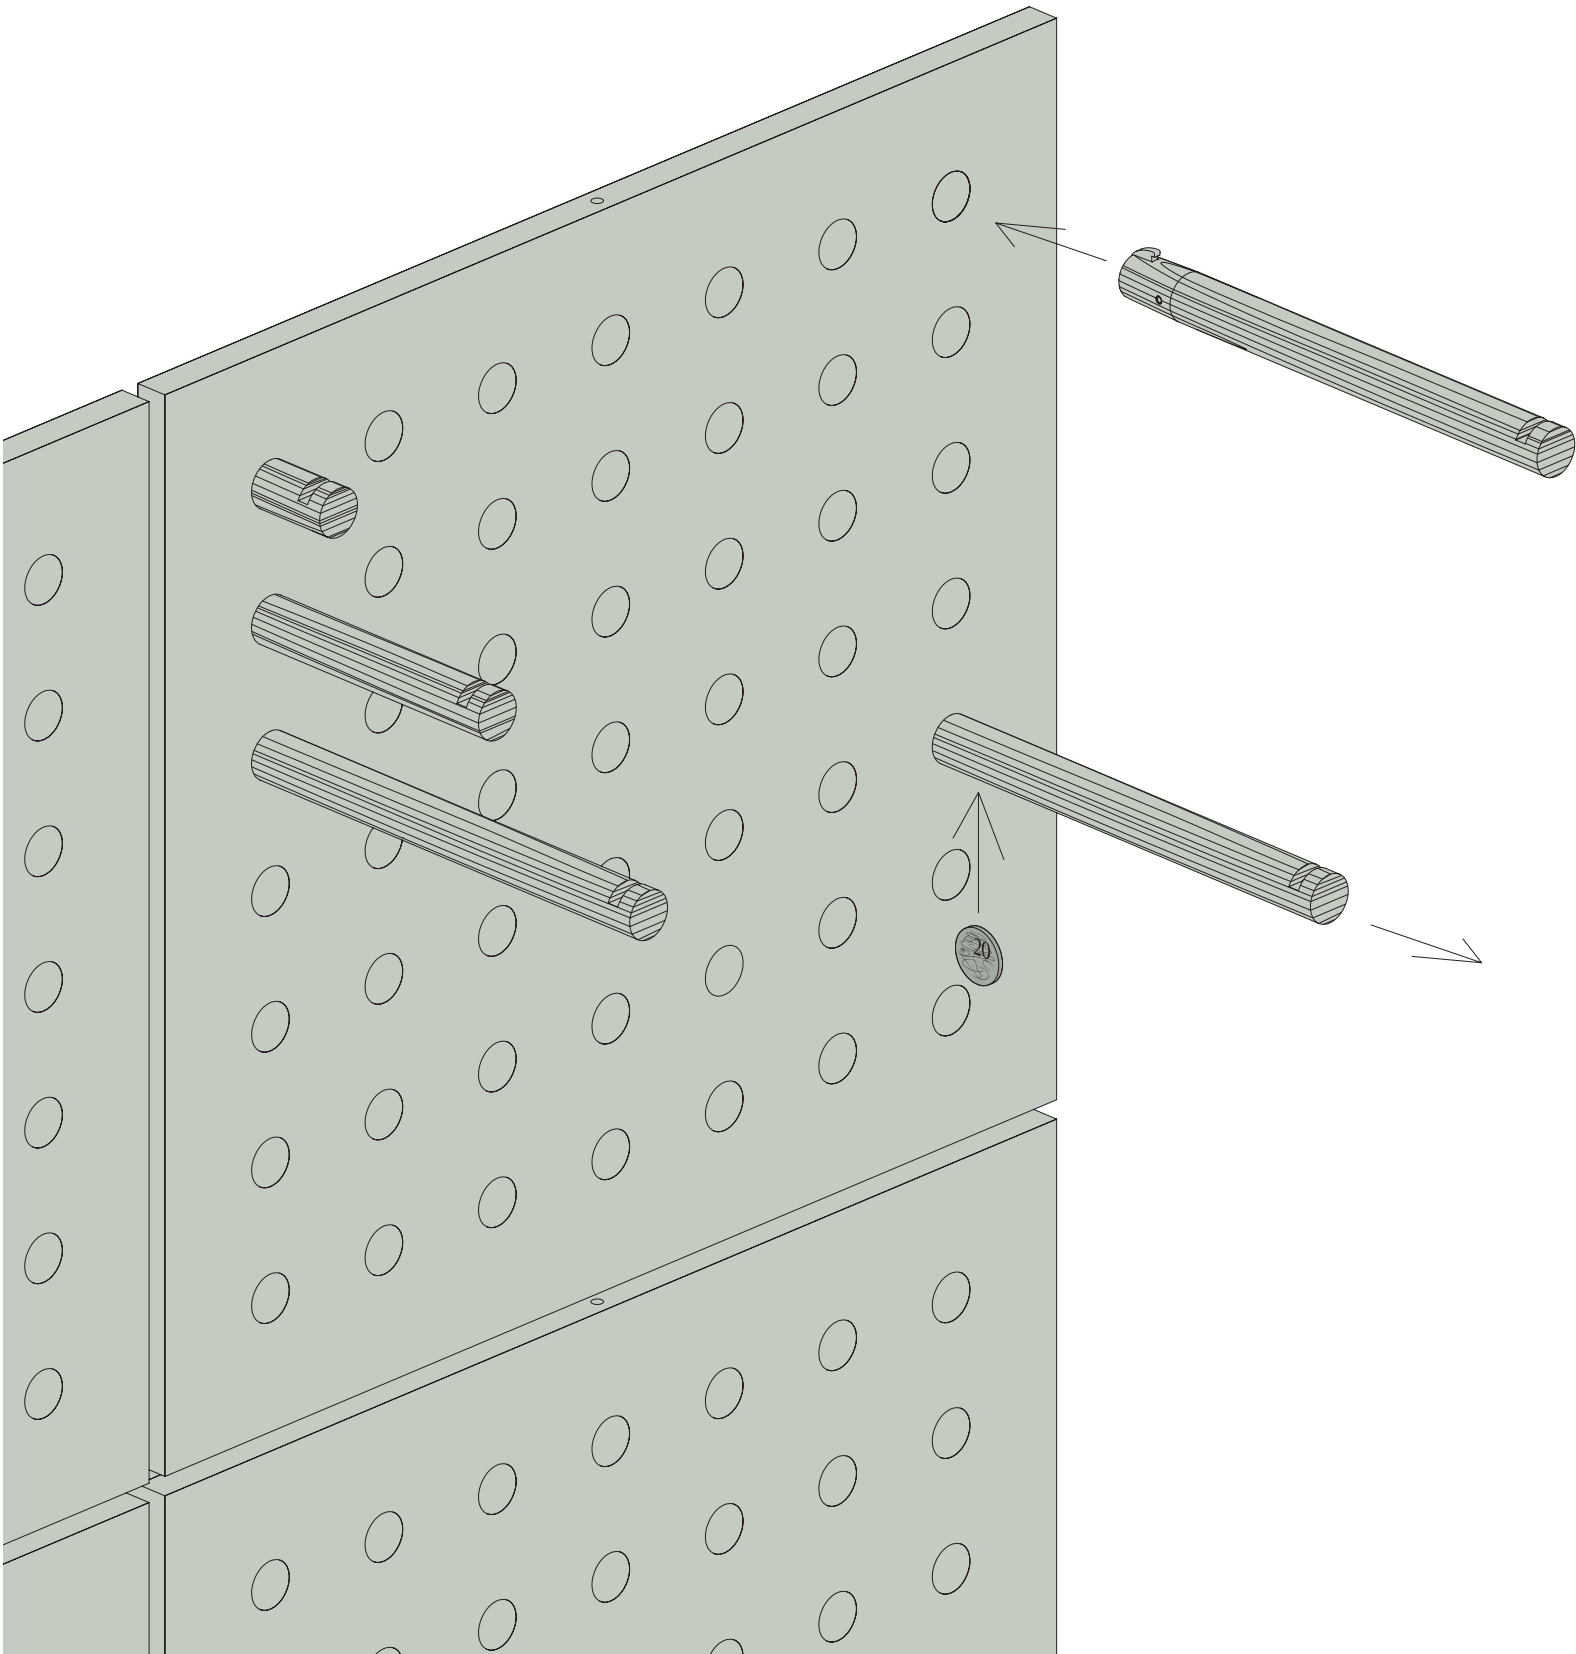

#### The Palette

The natural texture of solid oak and brass pegs plays nicely with an assembly of black, white and brass components. Create a monochromatic pairing or play up the contrast for more pop. Brass details add a little wink.

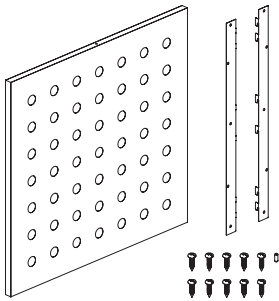

Panels

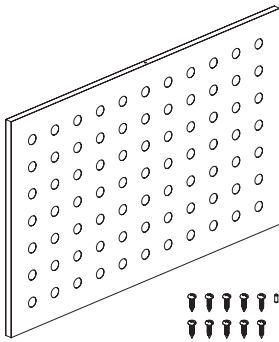

Panels

Panel – standard P0606

590 W x 558 mm H  
75 x 70 mm perforated pattern  
MAXe mounting brackets included  
Wall mount sold separately  
Install Panels with 10 mm gap for maximum versatility

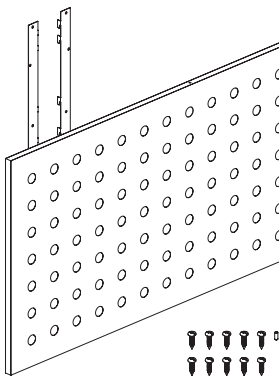

- OAK Natural oak

## Mix with MAXe

### The perfect match

Peggie panels work with MAXe freestanding and wall display systems, shelves, hangrails and accessories for a strong, versatile solution

Detailed information about MAXe can be found at [maxe.com.au](http://maxe.com.au)

MAXe

Peggie gets a lot of attention, but it’s her friends at *Shop for Shops* behind the scenes that help her shine. They have worked it all out, leaving the fun part to you.

After decades in the trade, they have it down to a fine art. Be it a personal project or a fit-out for your business, they can tailor a solution to ensure you make your mark and cover your bases. This is to say

nothing of the extensive range of retail must haves they have at the ready. Love the look but not sure how to put it all together? Talk to the *Shop for Shops* team to help you determine what finish combination will work

best in your space and for your budget. Quick delivery? No problem. Peggie will be knocking at your door before you know it. You can install Peggie yourself but say the word

and *Shop for Shops* will step in to take care of the installation.
