

## Slatwall Slatwall panels

Our 2400mmW x 1200W slatwall sheets are manufactured in our factory in Mile End South on 16mmT board with 100mm centres.

Slatboard can be customised to suit your space and can also be made in a variety of colours of ply, white and more. Different height centres are available.

Needing something custom? Don't hesitate to give us a call.

The sides of slatwall are raw. Use S3605 or S3606 edging to cover them.

2400 L x 1200 H x 16 mm thick  
Sold individually

4511

 White & aluminium

# We have made slatwall *modular* to work for you...

Our slatwall planks are more flexible for your space. They are also easy and safe to transport.

Use two top/bottom planks with multiple centre planks and inserts to make slatwall panels of different heights. Each plank is 2400 wide by 400 mm high. Cut planks to size to get the correct width.

**Talk to us about designing a slatwall solution to suit your space. We can also cut slatwall to size and install it.**

The sides of slatwall planks are raw. Use S3605 or S3606 edging to cover them.
